ASHUTOSH SHUKLA
Cloud Security Manager

## Skillset

- **Cloud Platforms**

- **DevSecOps**
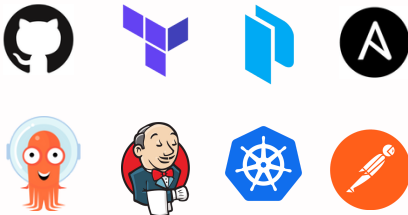

- **Open Source Software**

- **Operating Systems**

- **Other Solutions**

About Me

I am fond of Linux and Robotics. So if you love Raspberry Pi the same way I do, then you and I can talk for hours.

I love travelling too. I have been fortunate enough to visit Spain, UAE, Scotland, Wales, and England. I hope to be able to travel the whole world someday.

Professional Experience

Zee Entertainment Enterprises Limited
Cloud Security Manager [2022 - Present]

Key responsibilities:
- Engineering and evaluation of security solutions which included SIEM, BAS, API Security, CSPM, ZTNA, and others.
- Audit of Landing Zone and Security Controls during Multi-Cloud Adoption, Migration, and OTT transformation.
- Managing CI/CD pipelines of Custom Image Baselining and Malware & DLP Scanner using Infrastructure-as-Code.
- Deployed OSS like Apache Guacamole, OpenSCAP, Best Practical Request Tracker, osTicket, and OWASP Threat Dragon.
- SME of XDR solution. Responsibilities included custom policy and BIOC/IOC management for 5K+ On-premises and Cloud endpoints. Developed dashboards for SOC team to filter Critical events using XQL queries.
- Developed Power BI dashboards for CISO using 10+ automated data log sources like CSPM, M365, VM, CDN, and others.
